Harnessing green skills

Harnessing Green Skills and Creativity for Shared Prosperity

In a world of waste and skies of gray,
A world now warm, the ozone in disarray.
A girl is named Alice.... Not of Wonderland
But she wonders..."How do I change this?"
She ponders, "Which skills can handle this?"...
Her thoughts all over and assunder... Then Ting!....
A University rings. A Uni along Thika road. A Uni so
mindful, A Uni very demure!
Where they train, not only the brain.
But also practical skills to refrain
From the stains that our earth may strain.
Alice steps into campus with strides that rise so wide
Watch her stride. See her gleefully glide from side to
side
Sailing through lecture rooms, labs and libraries
Lecturers by her side to abide and guide
Help seek the hallowed green skills she thought had
died
Alice believes it not
In her thought, this is Wonderland.
But Someone tell Alice, This is not Wonderland.
This is Zetech University!

Driven by the class of 2024 clarion call, "Harnessing
green skills and creativity for shared prosperity. "
Alice repurposes, with Earth in mind
Reuse, recycle, repurpose and adapt,
Green values : strong
Attitudes: Apt
Heaps of trash and skies of ash?
She's learned to cherish, to burn slow, to rehash.
To turn trash to treasure.
Inventing ways to save and renew-
Bio-friendly Future she dreams and pursues!
In this "Wonderland"
That is, Zetech University.

1, 2, 3 or 4 years there about,
Standing at the exit gates ready to bow out
Is Alice, claded in glitch, glamor & delight.
Moulded in labs and fields, she has gained the might,
To shine in the dark like a brilliant light
She's now a thorough-bred ambassador of a greener
future.
A creative innovator like that of the HEWA SAFI
PROJECT
Hewa what? HEWA SAFI PROJECT!
Do you know the super smart inventor
Of the SMART PEST DETERRENT System?..
Oh ye who are never bothered,
Ask around!
She blooms academically
Alice is theoretically super baked, sharpened & shaped
In practical skills, she's hard boiled, deep fried, well
oiled, cooked and packed.
And yeah, Alice is armed
Green skills are her ammunion
Ready to save mother earth from carbon emission
Climate change her mission
She is of the conviction
That IF WE HARNESS THE GREEN SKILLS, BE CREATIVE,
WE SHALL SURELY PROSPER AS ONE NATION.
And at the fore front to offer this solution,
Is an institution of very high distinction
Her "Wonderland",.... Zetech University.

Chancellor's Message

Dear Graduating Class of 2024,

I extend my heartfelt congratulations to each one of you on this significant day. Your graduation is not just a testament to your academic achievements, but also a celebration of your resilience, dedication, and perseverance. Today, you stand tall, ready to embrace the world with the knowledge and skills you have honed at Zetech University.

This year's theme, 'Harnessing Green Skills and Creativity for Shared Prosperity,' is a timely reminder of the role you will play in shaping a more sustainable and equitable future. In a world facing unprecedented challenges—from climate change to economic

inequality—your innovative thinking, creativity, and commitment to responsible action will be key in driving progress and creating lasting impact.

At Zetech University, we have always believed in the power of education to transform lives and societies. As you step out into the world, remember that you are not only graduates but pioneers, equipped with the tools to address the complex issues of our time. Your academic journey has prepared you to lead with purpose, to innovate with integrity, and to contribute meaningfully to the global community, always inventing the future.

I encourage you to remain curious, adaptable, and to stay committed to the values that have guided you thus far. As you embark on this next chapter, know that you have the full support of the Zetech University community behind you. The future is bright, and it is yours to shape.

Once again, congratulations, and I wish you every success in your future endeavours.

Prof. Susan Alfano Nkinyangi, PhD
Chancellor, Zetech University

Vice Chancellor's Message

Dear Graduating Class of 2024,

I am filled with pride and joy today as we celebrate the incredible achievements of the Class of 2024. Today marks the culmination of your academic journey, a journey filled with hard work, dedication, and the pursuit of knowledge, as we gather under the theme “Harnessing Green Skills and Creativity for Shared Prosperity,” a moment that serves not only as a celebration of your success but also as a reflection of the bright future that awaits you.

At Zetech University, we believe in the transformative power of education, innovation, and entrepreneurship. Our mission is clear—to develop sustainable solutions

for a prosperous future, and each one of you is a vital part of this mission. You are the ambassadors of Zetech University, equipped with the skills, creativity, and knowledge needed to make a meaningful impact on the world.

As you step into the next chapter of your lives, whether in the workplace, entrepreneurial ventures, or further academic pursuits, remember that you carry the Zetech University name with you – your Alma Mater. You represent the values of excellence, integrity, and innovation that we hold dear. Be bold in your ambitions, unafraid to challenge the status quo, and always remain committed to creating solutions that not only benefit you but also uplift your communities.

In the face of global challenges like climate change, economic uncertainty, and social inequality, your role as a graduate of Zetech University is crucial. You have the tools to be leaders in harnessing green skills and creativity, driving sustainable growth, and fostering shared prosperity.

As your Vice Chancellor, I have no doubt that each of you will contribute to building a better future. Go forth with confidence, carry the Zetech University spirit high, and let your achievements serve as a beacon of hope and progress for others.

Congratulations once again, and may your future be filled with success, fulfilment, and endless possibilities.

Prof. Dr. Njenga Munene J,

Clinical Veterinary Medicine**

Deputy Vice Chancellor's

Message

Dear Graduating Class of 2024,

It is with immense pride that I congratulate you on reaching this important milestone in your academic journey. In addition to your hard work, commitment, and resilience, we also honour your boundless potential as Zetech University graduates today.

'Harnessing Green Skills and Creativity for Shared Prosperity,' this year's theme, highlights the crucial

part you will play in shaping an inclusive and sustainable future. It is the younger generation that will spearhead the shift towards more inventive and environmentally friendly solutions as the world struggles with environmental issues. Encouraging that transformation requires the abilities and inventiveness you have developed at Zetech University, whether it is in community development, industry, entrepreneurship or research.

Remember, education is not an end but a beginning. As you step into the next chapter of your life, embrace the responsibility to use your knowledge and talents for the betterment of society. The path ahead will present challenges, but with resilience, adaptability, and a passion for learning, you are well-equipped to create meaningful impact.

I challenge you to recognise the diverse opportunities in the world. Let your education encourage and assist others in adopting sustainable solutions for a better and more prosperous future.

Congratulations once again, and may your future be filled with success and innovation.

Registrar's Message

Congratulations, Class of 2024!

Today's graduation is a celebration of remarkable achievements in your academic journey resulting from years of dedication, hard work, and perseverance.

Zetech University shares in your pride and joy because we are confident of a quality graduate who has been diligently refined for a brighter future that lies ahead. As you commence a new phase of your professional life, I encourage you to embrace a teachable spirit, be open minded, cultivate life-long learning, be an agent of positive change and make your education count in all that you do while upholding the core values of your Alma mater.

The theme of our graduation today, 'Harnessing Green Skills and Creativity for Shared Prosperity,' is very timely. In an era of evolving environmental challenges and global interconnectedness, it is imperative that you embrace innovative solutions and sustainable practices in your professions.

As graduates of Zetech University, you have been equipped with skills and knowledge to flourish in this space. Through your rigorous coursework, extracurricular activities, career fairs, collaborative projects, industry experiences and community service learning, I have no doubt that you have developed capacity to thrive in our society today and in the future.

I encourage you to embrace your roles as agents of change. Use your education to inspire and empower others to adopt sustainable practices. Collaborate with like-minded individuals to develop innovative solutions to pressing challenges in your spheres of influence. Most importantly, never lose sight of your passion for making a positive difference in the world.

As you embark on this new chapter of your lives, we call upon you to go beyond your academic certificates and create a more sustainable and prosperous future for all.

God Bless You!

Valedictorian's Message

Today marks the culmination of years of hard work, determination and resilience. As I stand here, I am deeply honoured to represent the graduating class of 2024. I am overwhelmed with gratitude for the experiences we have shared, the knowledge we have gained, and the incredible journey that has brought us to this moment.

I would like to express my heartfelt appreciation to Zetech University for providing us with an environment that not only nurtured our academic growth but also encouraged us to think beyond the classroom. Through programmes, initiatives, and opportunities, this institution has equipped us to become innovators, thinkers, and leaders in a world that is rapidly changing.

As we celebrate our success today, we do so under a powerful and timely theme: 'Harnessing Green Skills and Creativity for Shared Prosperity'. In an era marked by environmental challenges and economic shifts, we, as the next generation of leaders, are called to innovate and create solutions that contribute to sustainable development.

Green skills, which emphasises sustainable practices, responsible resource management, and eco-conscious innovation, will be critical in ensuring that we leave the world better than we found it. The creativity that we have honed throughout our time at Zetech University will allow us to envision new ways of doing things, transforming industries and communities for the better.

But beyond these skills, today we are reminded of something greater—that prosperity should be shared. Our education has empowered us, and with that power comes the responsibility to uplift others, create opportunities for those around us, and contribute to

the collective well-being of our society. This is the essence of shared prosperity: that our success is meaningful only when it helps build a better, more equitable future for all.

Today, we do not merely graduate with degrees or diplomas; we leave with a renewed sense of purpose—to make a difference, to innovate, and to lead with empathy. The world is waiting for our ideas, our solutions, and our leadership, and defining all odds, we boldly and confidently say, here we come!

To my fellow graduates, I am proud to share this moment with you. We are the class of 2024. We are the Gen-Z, the changemakers, the innovators, and the leaders of tomorrow. Congratulations, to us Class of 2024! Indeed we are future ready.

“Zetech University provided me with a transformative educational experience that went beyond the classroom. The faculty and staff are highly dedicated, and the curriculum is thoughtfully designed to equip students with both theoretical knowledge and practical skills. During my time here, I had the privilege of serving as the Academic Secretary, which gave me invaluable leadership experience.”

Comfort Ngina,

“Zetech University has become a platform to grow not only my knowledge but also skills required to tackle the world as is. Thanks to this marvelous institution, I have managed to engage myself in extra curricular activities such as taekwondo. The support I have received is one I will take with me wherever the world will lead me.”

Dean's Message

On behalf of the Faculty, Staff and Students of the School of Business and Economics,

I take this opportunity to Congratulate the 2024 Class. Hongera sana for doing us proud! The School is confident that the knowledge, attitudes, skills and competencies you gained have prepared you adequately to overcome any challenges or obstacles that you may encounter – as an employee, employer or a postgraduate student.

In today's extremely competitive world of work, and in the spirit of life-long learning, I urge you to consider your next level of studies i.e. transitioning from Certificate to Diploma, or from Diploma to Bachelor's degree, or from Bachelor's degree to Masters and

eventually to the Doctor of Philosophy degree. All of which are offered at Zetech University.

Our programmes are uniquely tailored to enable learners to be innovative and entrepreneurial at all these levels. Be innovative and creative as you provide solutions facing society. Travel the long journey ahead of you and always keep in mind that you have been equipped to conquer the world. We are honoured to have played a part in preparing you for the future.

You are today being ushered into the open world of work and my sincere hope is that you will continue to be true change agents and ambassadors of your Alma Mater – Zetech University. May our School's motto "Inventing the World Through Business" and our University's philosophy which states and I quote, "...nurturing and inspiring an intellectually curious, adaptable and innovative generation..." guide you as you let God lead your next steps.

Ann Njeri,

Bachelor of Business Information Technology

"I am a graduating student with a background in business and IT. At Zetech University is where I met a coach who mentored me through my course of study. I am confident that this is the career path I want to pursue. This interaction also equipped me with important soft skills which I believe will be essential in taking my career to another level!"

Kevin Njenga,

Diploma in Communication & Media Studies

"I chose Zetech University because it's where passion meets opportunity—my course of study here has kept me on my toes, and the hands-on experience is priceless. My love for radio and TV has inspired me to dive deep into storytelling, broadcasting, and all things media. With Zetech University backing me, I'm ready to make waves in the industry!"

Dean's Message

It is with immense pride and joy that I extend my heartfelt congratulations to the Class of 2024. This year's graduation theme, "Harnessing Green Skills and Creativity for Shared Prosperity," resonates deeply with the values and vision we uphold at our School of ICT, Media and Engineering.

As you step into the world as graduates, you carry with you not only the knowledge and skills acquired through rigorous academic pursuit but also the responsibility to innovate and lead in ways that promote sustainability and inclusivity. The challenges our world faces today—climate change, resource depletion, and social inequities—demand

solutions that are both creative and grounded in green principles.

Your journey here has equipped you with the tools to make a significant impact. Whether you are developing cutting-edge technologies, creating compelling media narratives, or engineering sustainable solutions, your contributions will be pivotal in shaping a future where prosperity is shared by all.

We have now started graduate programmes in Information Technology and in Computer Science. I would encourage you to register into these programmes and expand not only your skills to handle technology but also master and improve the existing technology through innovations and research.

Remember, the essence of true innovation lies in its ability to uplift communities and protect our planet.

On behalf of the faculty and staff, I wish you all the success in your future endeavours. May you continue to harness your green skills and creativity to build a world that is not only prosperous but also sustainable and just.

Dr. -Ing Wilfred G. Gikaru

School of Education, Arts & Social Sciences

Grace Ambungulusia,
Bachelor of Education Arts

“As an English & Literature graduate with a passion for storytelling and language, my studies at Zetech University has deepened my analytical skills and appreciation for diverse perspectives. Zetech University has greatly contributed to my personal growth, helping me become a more confident and articulate individual ready to make an impact in the literary world.”

Tobias Okoth,
Bachelor of Arts in International Relations and
Diplomacy

“I'm glad to have joined Zetech University as a boy and now leaving as a man. Serving in various leadership positions enabled me to learn a lot, moreso being part of the school's Student union as the Sports and Entertainment Secretary and also the volleyball team captain. I'm now leaving as a leader and a certified Diplomat. Congratulations class of 2024! May the world shower us with abundant opportunities.”

Dean's Message

Dear Graduates of 2024,

Congratulations on reaching this remarkable milestone in your academic journey. Today, we celebrate not just the culmination of years of hard work, dedication, and perseverance, but also the beginning of a new chapter in your lives. As the Dean of the School of Education, Arts, and Social Sciences at Zetech University, I am filled with immense pride to witness your transformation into knowledgeable, skilled and compassionate individuals ready to contribute to society.

Your time here has been filled with challenges,

opportunities, and countless moments of learning. You have grown not only in intellect but also in character. The values and principles you have embraced will guide you as you step into the world, where your impact will be felt far and wide. Remember, education is not just about acquiring knowledge; it's about using that knowledge to make a difference.

As you move forward, carry with you the spirit of Zetech University—one of innovation, resilience, and a commitment to excellence. The world awaits your contributions, and I have no doubt that you are indeed inventing the future.

Congratulations once again, and best wishes for a future filled with success and fulfillment.

Our Journey

Definitions & Abbreviations:

iZET HUB - Zetech University Innovation Hub

ODEL - Open Distance & e-Learning centre

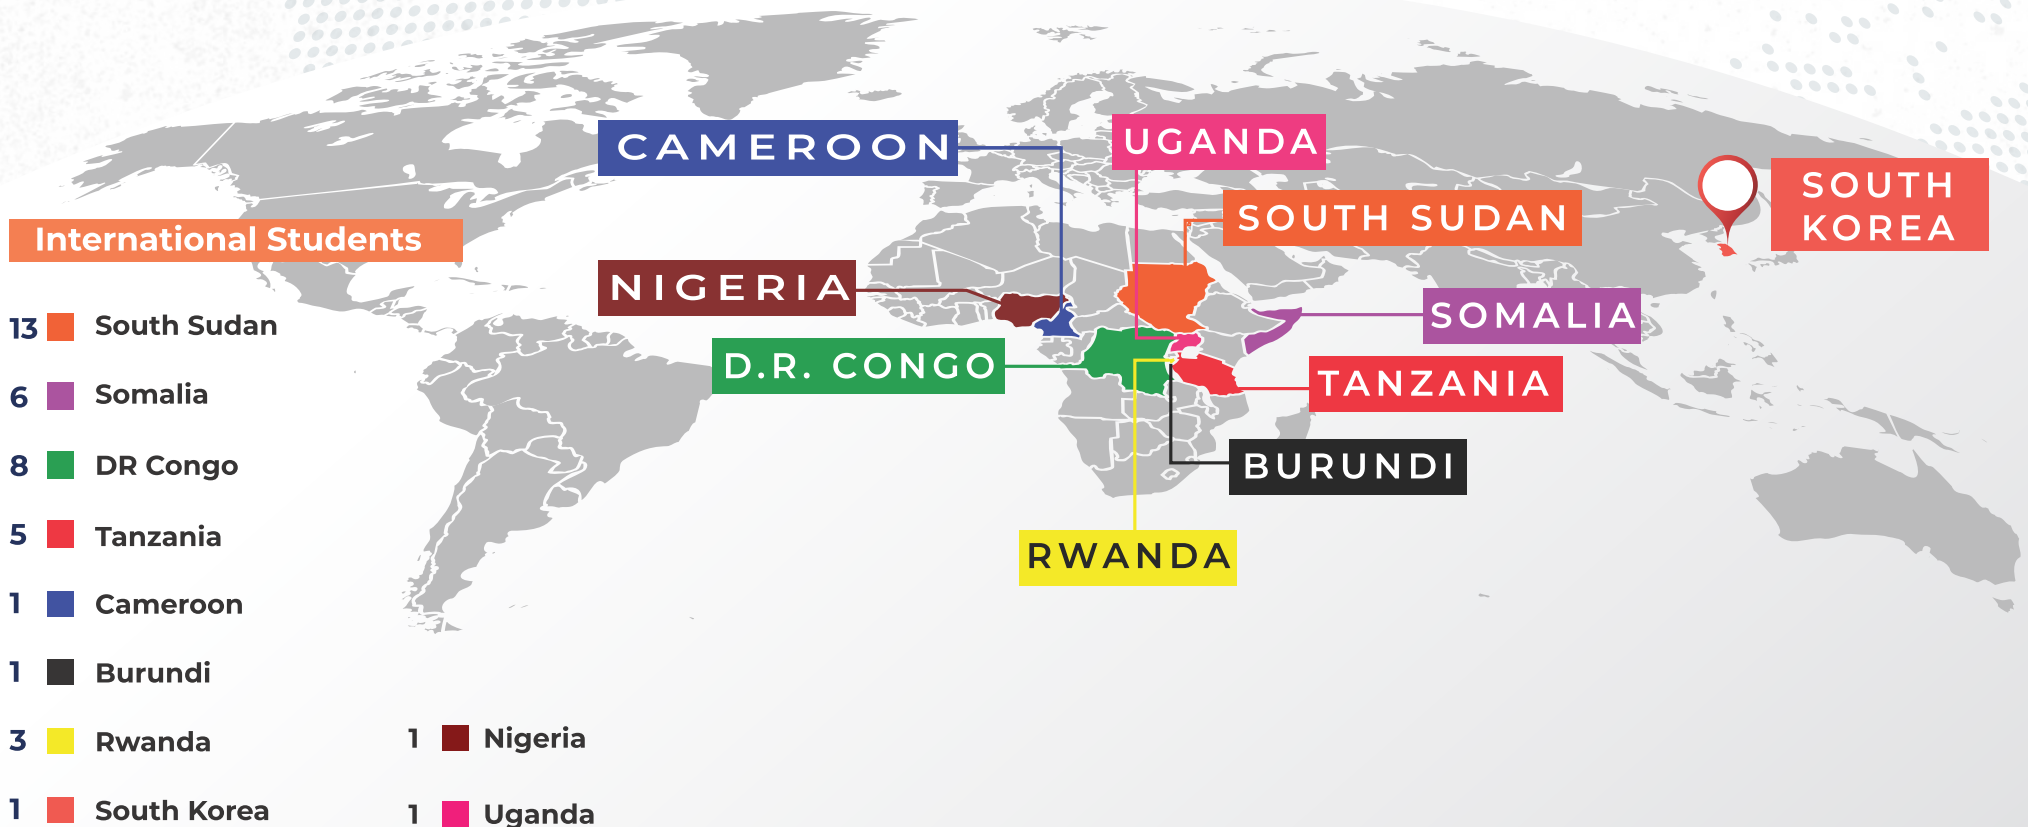

Silver Jubilee - Commemoration of 25 Years of Scholarly Excellence

“ Zetech University prepared me for a rewarding career in journalism. Through interaction with the faculty and students, I was challenged to think out of the box. I served as the pioneer of the Journalism Club and now, as an award-winning crime reporter, I am able to use my skill to transform lives through telling untold stories.
Hussein Mohammed, Alumni & Award-Winning Journalist, KTN, BBC. ”

“ I love Zetech University because it is where we invent our future. The spirit of the faculty to support and help us become who we want to be, is amazing. I also love that we get services on time. #KaribuZetech
Fabrice Mugabe, International Student (Rwanda) ”
